

Ramky Bags “Best Company of the Year” - 2009

Frost & Sullivan - Annual Environmental Industries Awards

Hyderabad 19th December 2009: Ramky Enviro Engineer Ltd. bagged the “Best Company of the Year”, “Market Leadership in Industrial Hazardous Waste Management “&” Vertical Market Penetration into Biomedical Waste” for the year 2009 in the Waste Management Vertical.

Frost & Sullivan organized an Annual Environmental Industries Awards at Hotel Intercontinental, Mumbai on 15th December 2009. The evening involved strategic Growth Panel Discussion followed by Frost & Sullivan's 360 degree overview on Indian Environmental Industries, and later, the awards banquet ceremony. Speaking on this occasion **Mr. Dinesh Kumar Khare – Group CEO, Ramky Group** said **“Awards and Accolades are big motivating factors for any organization. With these awards Ramky’s efforts in Waste Management sector is well established, but simultaneously it brings more responsibility to perform better.”**

The Frost & Sullivan Environment Excellence Awards 2009 is in recognition of the inspiring/exemplary achievements by the companies operating in the environment industry. The environment sector in India is currently riding on a high wave of opportunities. The companies are creating innovative best practices to capitalize on the growth prospects as well as to outpace competition during these tough economic times. Frost & Sullivan’s comprehensive research programs identify these best practices within each segment and make them visible to the industry through this excellence awards.

Ramky Enviro Engineers has the credit and distinction of establishing the first Integrated Common Hazardous Waste Management, Biomedical Waste Management and Integrated Municipal Waste Management facilities in India. Starting with these, the company has implemented many projects in Waste Management that are considered benchmarks of perfection by industry watchers. With a philosophy that advocates challenging the limits and competing against it, Ramky has successfully undertaken a wide range of projects.

Ramky group is a professional organization focused in the areas of civil, environmental and waste management infrastructure. With corporate office at Hyderabad and regional offices located at Delhi, Mumbai, Ahmedabad, Bangalore, Chennai, Bhopal and Kolkatta and over 50 project offices Ramky today has a pan-India presence. To expand its service base Ramky has opened its office at SAIF Zone, Sharjah and at Singapore. The group has had a rapid growth over the last 15 years and is today handling works worth over Rs. 12000 Crores. The group employs over 3000 persons of which about 800 are technical. Various division and companies within the group are professionally managed. The group has equity participation from reputed national and international institutions.
